About

I'm an aspiring IT professional with a passion for learning and creating. I have a strong foundation in software development and game design, and I've honed my skills in technologies like **HTML**, **CSS**, **JavaScript**, **React**, **Node.js**, **Tailwind**, **MySQL**, and **Unity**. I love the challenge of designing and building user-friendly applications that work seamlessly across different platforms.

What excites me most is the opportunity to apply my technical skills and creativity to real-world projects. I'm constantly learning and improving, driven by a genuine love for solving problems and bringing ideas to life.
